CHAIRMAN

Education builds values and character in a person and these values and character are building blocks for long term growth and success of an individual.  
Realizing the importance of education in the new independent India my grand father late Shri P.D. Nigam laid the stone of Saraswati Balika Vidyalaya inter college in 1956.  
I carried forward his dream and further established institutes. Saraswati Vidyalaya Inter College, Panki in 1999, Saraswati Mahila Mahavidyalaya Vigay Nagar in 2000 and then P.D. Nigam Education Centre in 2002 and now with a vision of spreading education to rural areas, we are coming up with our new branch in Akbarpur.  
I have immense pleasure in welcoming you to P.D. NIGAM INTERNATIONAL SCHOOL, a highly progressive and enterprising school pledged to provided quality education with great emphasis on traditional values.  
Besides academic excellence, the school is committed to inculcating in all its students strong ethical values of integrity, politeness, kindness and respect for elders. I firmly believe that education should foster confidence, discipline, clarity in thought and decision making ability to set and achieve goals and above all social responsibility as a life long process.  
It aims to develop students with great self discipline, intense preservance and a zeal to excel which are the qualities required to meet the challenges of the modern society.

**Vandana Nigam**  
PHILANTHROPIST / EDUCATIONIST

We are living in the 21st century and the role of education has radically changed over the years. The scope and focus of education has evolved and so has the role of an educator. Today the schools need to be effective at engaging learners towards meaningful construction of knowledge and encourage them through appropriate integration of technology to apply learning into action and relevant outcome. While technology would do its bit, teachers as facilitators add the desired human touch and provide opportunities to the students to develop critical thinking skills and engender values that help them become responsible learners. Since the inception of our first school we have been able to build on the steady foundation of good values and the urge to excel. The endeavor has always been to balance excellence in academics with creativity and compassion. At P.D. NIGAM INTERNATIONAL SCHOOL we prefer to create situations where a child challenges his own ability, It is the transformation of a school into an educational powerhouse that induces strength within each student to stand on his own. We develop the students into successful individuals who spreads the fire of excellence and the warmth of compassion to the darkest crevices of humanity.

**Mr. Vaibhav Nigam**
